MISSION SUNDAY SCHOOLS.

A Place Where One Needs to Keep All His Wits About Him.

If there is any place where one needs to keep all his wits about him it is in the mission Sunday-school, says the Boston Courier. The urchins who are there gathered together have no reverence for either things sacred or things profane, and they are ready to question any thing and every thing said to them with a frankness and a boldness which is eminently disconcerting to any one not accustomed to this sort of thing. They are not above playing tricks and laying snares for their teachers. On one occasion a young rapscallion in a North-end school remarked in a sanctimonious tone:

"My father drinks."

The unwary teacher falling into the trap, began to talk to the class of the evils of intemperance, and of how much little Johnny was to be pitied for having a father who was given to the dreadful habit of intemperance. She waxed eloquent and spoke at considerable length, secretly feeling that she had never done better and that she must surely make an impression upon her pupils.

And then when she had made an end of speaking and all the class were supposed to be in an eminently edified condition of mind little Johnny finished his sentence with an air so innocent as to deceive, if it were possible, even the very elect.

"My father," he said, "drinks water."

And he smiled confidently into the face of his teacher as if he were sure of her approval and as if he enjoyed the approval of a clear conscience, as indeed very likely he did.

On another day when a teacher was endeavoring to impress upon a class of new-boys the beauty of righteousness and to give them some sort of a leaning toward the paths of decency, sobriety and godliness, an impudent, saucy-faced youngster, known among his companions as "Bully Sam," leaned forward and, holding out to her a battered nickel which had the general appearance of having been run over by a horse-car, observed:

"I say, now, I'll give you that to stop."

It may be judged how much effect the lesson had after that.

Still again, a clever Boston girl had undertaken the task of instructing a few new-boys, bootblacks and telegraph messengers, and the lesson chanced to be upon the raising of Lazarus. Taking into account the fact that the boys knew of the telegraph, and finding that it was very hard to interest them, she turned the talk to electricity by asking if there was any way in which the dead could be raised to life, and going on to say that there had been people who believed that it could be done by electricity.

She found that she had at last gained their attention, and, dreading to lose it again, she went on to a little with her talk about the force and its manifestations. The boys listened intently, and presently one of the dirtiest and most reprehensible of the gang gave a hitch to his ragged trousers, expressive of satisfaction and interest.

"Well, now," he said, "we're learnin' suthin'."

WORK OF INVENTION.

How It Has Revolutionized the Condition of Working-Men.

In the manufacture of boots and shoes the work of 500 operatives is now done by 100.

In making bread boxes three workers can do the work of thirteen box-makers by old methods.

In cutting out clothing and cloth caps with dies one worker does the work of three by old methods.

In leather manufacture modern methods have reduced the necessary number of workers from 5 to 50 per cent.

A carpet measuring and brushing machine with one operator will do the work of fifteen men by the old methods.

In the manufacture of flour modern improvements save 75 per cent. of the manual labor that once was necessary.

In making tin cans one man and a boy with modern appliances can do the work of ten workers by the old process.

By the use of coal-mining machines 100 miners in a month can mine as much coal in the same time as 500 miners by the old methods.

One boy by machinery in turning wood-work and materials for musical instruments performs the work of 25 men by the old methods.

The horse power of steam used in the United States on railways, steamers and in factories and mines was in 1888 12,100,000, against 1,600,000 in 1850.

In the manufacture of brick improved devices save one-tenth of the labor, and in the manufacturing of fire-brick 40 per cent. of the manual labor is displaced.

In stove-dressing twelve co-laborers with a machine can dress 12,000 stoves in the same time that the same number of workers by hand could dress 2,500 stoves.

In coaling on shoe-holes one worker and a boy with machinery can heel 300 pairs of shoes per day. It would require five workers to do the same by hand.

In the manufacture of carriages it used to take one man thirty-five days to make a carriage. It is now made by the aid of machinery with the work of one man in twelve days.

In the cotton-mills in the United States the manual labor has been reduced about 60 per cent. Now one weaver manages from two to ten looms, where one loom was formerly tended by one worker.

The origin of the sandwich is generally ascribed to the Earl of Sandwich, a noted gambler. The old Romans, however, had something like sandwiches, which they called *culina*.

WILKIE COLLINS DEAD

Grand Victory of the French Republicans.

They Will Have a Good Working Majority--Defeat of the Boulangists.

Yesterday's French Elections.

PARIS, Sept. 23.—The official returns from 563 electoral divisions up to noon show the Republicans elected 217 and the Anti-Republicans 153. Re-balls will be necessary in 156 divisions.

Among the prominent Republicans elected are Fallieres, Ribot, Jules, Rochefort, Lanjauins and Mun. It is believed that in 127 divisions, where re-balls will be necessary, the result will be favorable to the Republicans, and in the other 39 the opposition will probably elect their candidates. The Republicans also rely on electing ten members from the colonies. They will thus hold 354 seats in the new Chamber. In official circles a government majority is considered as sure. Although the majority will not be large it will be more compact and more homogeneous than that in the last Chamber. Returns from the election in this city show that the Conservatives did not elect a single member, while the Republicans returned one and the Boulangists four. Re-balls will be necessary in 37 divisions. Thevenet, Minister of Justice, has been re-elected, but re-balls will be necessary in districts in which Constans, Minister of the Interior, and Aives, Minister of Public Works, were candidates. Their election, however, is regarded as certain. Among the Republicans defeated are Milude, Goblet, Jules Ferry, Millard and Joubert, while in districts in which Milleraum, Passy, Lockroy, Polquet and Barodet, Republicans, and Andrieux, Lasiant, Vergoin, Laur, Desastue and Maquet, Anti-Republicans, were candidates, re-balls will have to be had. Count Dillon was elected.

Returns at 2 p. m. show that the Republicans have elected candidates in 219 divisions and the opposition in 156. Re-balling will be necessary in 170 divisions. The Conservatives elected Breteuil, Dondeauville, Scudayan, Mackau, Montgolfier and Bishop Frottel.

LONDON, Sept. 23.—A Paris correspondent of the Times says the elections in France yesterday resulted in a crushing defeat to the Boulangists, who returned only 21 members and whose entire representation in the new Chamber, after the re-balling, will not exceed 36. The Conservatives elected 131 members and will get 30 more. The Republicans returned 218 and will secure over 100 more members. Their total strength will be between 325 and 360, against 260 or 230 representing the whole reactionary Boulangist coalition. The success of the Republicans and the defeat of the Monarchy and Czarism is a happy fact. The result of the elections puts an end to the Boulangist-Monarchist conspiracy.

PARIS, Sept. 23.—3 p. m.—Returns from 56 electoral divisions show 244 Republicans elected and 159 members of the opposition. Among the Republicans there are 16 Moderates and 57 Radicals. The opposition include 85 Royalists, 51 Bonapartists and 22 Boulangists. Re-balls will be necessary in 157 divisions, and it is expected that 135 of these will return Republicans, who will probably also win some seats from the colonies. The new Chamber will probably consist of 369 Republicans and 210 opposition.

The corrected returns from Belleville show that Rochefort received a larger number of votes than any other candidate, but not a majority, and a re-ballot will be necessary. It is understood the elections in the re-ballot will vote solidly for Numey, the Labor candidate.

The Great Stallion Race.

By Associated Press.]

BEACON PARK, Mass., Sept. 23.—The track is excellent for the \$10,000 stallion race and 15,000 people are present. Five horses are to start—Nelson, Alcyon, Junemont, Grandy and Pilot Knox. Nelson is the favorite in the pools, 100 to 80 for Alcyon and 16 for the field.

The first heat was won by Nelson in 2:18½, Alcyon second and Pilot Knox third.

The second heat was won by Nelson in 2:17½, Alcyon second and Junemont third.

Declared Unconstitutional.

By Associated Press.]

ST. PAUL, Minn., Sept. 23.—In the case of Henry E. Barber, arrested for selling meat of cattle not inspected on the hoof, and brought before the U. S. Court on a writ of habeas corpus, Judge Nelson this morning rendered a decision that the law was unconstitutional, as it interferes with commerce between the States, and the prisoner was ordered discharged. A notice of appeal to the Supreme Court was given.

Chanatqua Lecture.

On Wednesday evening, September 26th, at 7:30 o'clock, Rev. T. E. Sisson will give a lecture at the M. E. Church. Subject: "The Chanatqua Literary and Scientific Circle." A cordial invitation to all.

Long Island Races.

By Associated Press.]

GRAVESEND, Sept. 23.—First race, five furlongs, Lady Margaret won, Glory second and Illus B. third. Time, 1:02.

Second race, five furlongs, Pontiac won, Grenadier second and Lafitte third. Time, 1:01½.

Third race, one mile and a sixteenth, Huntress won, Bellwood second and Della D. third. Time, 2:02½.

Steamer Arrivals.

By Cable and Associated Press.]

SOUTHAMPTON, Sept. 23.—Arrived—The Werra, from New York.

GLASGOW, Sept. 23.—The State of Nevada, from New York.

HAVRE, Sept. 23.—The La Champagne, from New York.

NEW YORK, Sept. 23.—Arrived—The Olga, from Bremen, and the Circassia, from Glasgow.

Not Yet Ready.

By Associated Press.]

CHICAGO, Sept. 23.—The Utah Commissioners met informally yesterday and devoted several hours to the discussion of committee reports. The regular conference was resumed this morning. The members say it is not probable that the report will be completed before to-morrow evening or next day.

Motion Denied.

By Associated Press.]

CHICAGO, Sept. 23.—The Cronin case was resumed this afternoon. Judge McConnell denied Frank Woodruff's motion for a discharge from custody on the ground that the statutory time within which he was entitled to a trial had passed. The Court held the application insufficient.

Field and Neagle at St. Paul.

By Associated Press.]

ST. PAUL, Sept. 23.—Chief Justice Field, accompanied by Deputy Sheriff Neagle, arrived this morning over the Northern Pacific and will leave this evening enroute to Washington.

Acting in Bad Faith.

By Cable and Associated Press.]

LONDON, Sept. 23.—The Stevedores on the East India dock have again gone out. They claim the companies are not engaging the old hands, as they agreed to when the strike was settled.

Testimony All In.

By Associated Press.]

NEW YORK, Sept. 23.—The evidence in the trial of Henry Ives was finished this morning with the testimony of one unimportant witness, and the argument was begun.

Wilkie Collins Dead.

By Cable and Associated Press.]

LONDON, Sept. 23.—Wilkie Collins, the novelist, who has been seriously ill for some time, died to-day.

Bar silver, 92½.

THE HAMILTON-BURR DUEL

Quaintly Described by An Eye Witness.

Fitz-Greene Washington, a great-grand-nephew of George Washington, has recently described the Hamilton-Burr duel as it was seen by his grandfather, Captain Fitz Hughes, in the following words:

"When Captain Hughes discovered that his friends had gone to fight, he took a boat and a couple of slaves—both of them good carmen—and rowed as fast as possible to the battle ground. He got there in time to see the fight occur as follows, but not to stop it, as was his hope. Hamilton and Burr were each to fire twice or thrice at one another. At the word of command for the first fire Hamilton fired at Burr and Burr fired in the air. Hamilton, of course, missing Burr—but at the second firing Hamilton fired in the air and Burr shot Hamilton. Hamilton thought Burr meant to kill him as he meant to kill Burr; therefore Hamilton at the first firing aimed to shoot Burr. Burr, deeming that Hamilton would, of course, at the next shot, endeavor to again shoot him, of course changed his tactics and shot Hamilton. Hamilton, wishing not to be outdone by Burr and presuming that Burr would again make no effort to shoot him, fired his pistol in the air. This is the true history of the duel fought by these two great men."

NEWS NOTES.

California has an orchard containing 16,000 fig trees.

In decorating a Mexican theater 70,850 flowers were used.

Natural gas saves Pittsburg 7,900,000 tons of coal per year.

A new shoe has an extra sole inside to make short people taller.

The Vanderbilt family represents three hundred million dollars.

A quilt on exhibition at Scranton, Penn., is sewed together with 7,200 feet of silk.

Thus far the public parks of Boston have added to the indebtedness of the city, \$3,823,500.

It is pretty well established that every true laborer in the United States carries three idlers on his back.

The mouth of the Calumet river emptying into Lake Michigan has moved east 2,800 feet since 1836.

A Matamoras, Mich., breeder recently sheared a ram that clipped thirty-eight and one-quarter pounds.

Ladies, Attention!

All ladies interested in the appearance of the Pavilion during the Fair are requested to meet at the Pavilion to-morrow, (Tuesday) afternoon at half-past one o'clock. A general attendance is desired.

PACIFIC OCEAN TRADE

Probable Suicide of a Virginia City Woman.

The Ossipee to Carry Fred Douglass to His Haytian Mission.

Business Mission.

NEW YORK, Sept. 23.—A London special says: Abbott's mission to Australia is considered here as of some importance. His primary object is to press the claims of Vancouver as against San Francisco as the terminus of the new trans-Pacific steamship route. Canada has already promised \$100,000 for an eighteen-knot service between England and Canada, and it is prepared to give \$25,000 for the proposed service between Vancouver and Sydney, N. S. W.

Abbott wishes to induce the Australians to contribute the additional sum of £75,000 toward the Pacific subvention in order to secure fast boats capable of giving a twenty-eight days' mail between London and Sydney. He will not find all the Colonies of the same mind about encouraging his Pacific service. South Australia will certainly object to this line, because it would injure Adelaide. Possibly Melbourne, which maintains a bitter rivalry towards Sydney, would not care to see the older Capital of New South Wales profit by Abbott's proposal. Sydney may be content to sit still and see whether the United States may not offer more liberal terms than Canada, in order to maintain the present San Francisco route for its mails and commerce. We do not sufficiently know the terms of Abbott's intercolonial scheme, but that he takes some project in his portmanteau is the belief of everybody who has any knowledge of the subject. Behind all this is the Pacific cable project, which Canada also strongly supports. The Australian Colonies deem it a pious aspiration, but are not as eager as Canada to spend money on the scheme. They do not more than half employ the cable routes to England.

Driven to Death by Gossips. Special to the GAZETTE.]

VIRGINIA, Nev., Sept. 23.—This morning Mrs. Charles Pennicard, residing at No. 93 North A street, attempted suicide by shooting herself in the left side with a five-chamber, .31 calibre pistol. The woman was found lying on the bed, bleeding profusely, and a pistol on the floor of the apartment with four chambers empty. Three wounds were found on her person in the region of the heart, and one bullet in the bed which had not penetrated her body. Her wounds are considered fatal. Her husband is top carman at the C. & C. shaft and was on shift at the time. No person witnessed the shooting. From the incoherent remarks of the wounded woman, she was driven to desperation by the slanderous gossip of a female in the vicinity. The family relations of Pennicard and his wife are said to be pleasant.

Getting Ready to Sail.

By Associated Press.]

BALTIMORE, Sept. 23.—The man-of-war Ossipee sailed this morning for Norfolk, where she will be repaired and will take coal, and then sail for Hayti with Frederick Douglass, the new Minister.

LOCAL INTELLIGENCE.

BREVITIES.

Truckee Republican: It is reported that two different parties are striving to obtain control of the Union Ice Company. A local stockholder of the People's Ice Company sold his stock for \$40 a share.

Last Saturday's Truckee Republican says: Frank Cannon and the girl Ida Hendricks have been heard from at Reno. They arrived there Wednesday night, and the next morning sent the horse back to this place by an Indian.

The Teacher's Certificate Decision. County Superintendent Love of Elko issues the following notice to teachers: "In view of the recent decision of Judge Wells, and after careful consideration, I am convinced that there is no authority in law for issuing a second grade certificate and making it valid for two years. Therefore all teachers who hold such certificates in this county are required to forward them to me immediately, and they will be renewed for one year to cover the time for which they were originally granted. No vouchers for salary will be issued until this is done."

A Thieving Brakeman. At Wells, Nev., last Saturday, a brakeman named Lewis Depoister was arrested by Detective Brissell for stealing tickets from overland passengers, two of which were found in his possession when arrested.

Ladies, Attention! All ladies interested in the appearance of the Pavilion during the Fair are requested to meet at the Pavilion to-morrow, (Tuesday) afternoon at half-past one o'clock. A general attendance is desired.

5 O'CLOCK EDITION.

THE Truckee Republican says: "Speaking of sheep and sheep-herders being the cause of forest fires," said a well-known woodsman the other day, "leads me to remark that large bands of sheep act as a means of preventing the spread of fires. This statement may not be generally believed, but it is true. Those who have been in the woods much have noticed numberless trails running along the side of the hills. They are made by sheep. In traveling over these trails the sheep grind up all the leaves and twigs and press them into the sand. When a forest fire reaches one of these trails, running over the ground, it stops, for there is nothing to burn in the trail and it cannot cross. Thus the progress of the fire is checked. I have frequently noticed this and have seen where fire had run along on one side of the sheep trail and failed to cross, thus saving lots of timber from destruction. Sheep ain't such bad things after all."

BISHOP FOWLER of the Methodist Church, who has just returned from a tour around the world, says of China: "They are preparing for war to vindicate the citizenship of their countrymen in all parts of the world, and particularly with the United States, against whom they have a bitter grievance. They will begin by extirpating all Americans within the empire, and possibly all English-speaking people. A Chinaman never forgets and never forgives. It may lead to a slaughter of the English-speaking people and it may not; I am not prepared to say which, but that they propose to vindicate their national honor, as they understand it, I am morally certain. I do not anticipate that it will be soon, but within a few years."

SAYS the Boston Herald: We tender to Hon. John D. Washburn, our handsome Minister to Switzerland, assurances of our distinguished consideration for the prompt and able manner in which he has vindicated the dignity of his country in the matter of the five American tourists who were recently arrested there on false charges of pocket-picking. Not only have the tourists been released, but the Swiss authorities have been obliged to acknowledge that they committed a gross error, for which an indemnity should be paid. Minister Washburn not only handsome is, but he handsome does.

THE Acting Commissioner of the General Land Office at Washington has recently rendered a decision of the most importance to settlers on public lands. It is to the effect that applications for homestead filings must be accompanied by a certified copy of the naturalization papers instead of waiting until the final proof is made. This will prevent the illegal holding of public lands to a certain extent by persons who only temporarily and for that specific purpose become citizens.

THE recent order of the Secretary of the Navy directing that a bank account be opened for all enlisted men by the navy pay masters, and granting interest at 4 per cent. per annum, is looked upon by navy officers as promising good results. It is just what the men have long stood in need of, and now it is expected that there will be big "pay days" for some of the men at the end of a three years' cruise.

THE Enterprise, in answer to a query of the GAZETTE as to the effect of forests upon rainfall, runs a long article upon the effect of forests upon running streams, translated from the German by Granville F. Foster, formerly Superintendent of Schools in Reno. The more the Enterprise examines the stronger it will find the Scotch verdict, "Not proven."

THE dry period is now about closing throughout a great part of the Western States—east of the Rockies—is the opinion of well-informed Government officials. Prof. Upham, a member of the

United States Geological Survey Corps, who has been on duty in Dakota for quite a number of years, states positively, after careful examination of facts, that "farmers and all others can pluck up their courage, as the end of the dry period is at hand." After careful scientific and geological observations, Prof. Upham comes to the conclusion that the change is bringing about the uniformly wet seasons talked about by the "old-timers," and that for the next twelve years we may expect more rain and a succession of good crops.

THE Appeal takes the people of the State to task for not accepting the \$40,000 offered the State by the lottery men last winter for irrigation purposes. The Appeal would "rob Peter to pay Paul," then rob Paul. The Appeal's statesmanship is hard to get at.

A CALIFORNIA SENSATION.
[Petaluma Courier.]
It is reported that the sales of the "California Remedy," Joy's Vegetable Sarsaparilla, have grown within a few months till they are now really sensational. The way the fame of this production has spread is simply marvelous. Six months ago it was unknown. To-day it is all over the country. It is authoritatively stated that they have been actually giving it away in San Francisco to people afflicted with dyspepsia, sick headaches, indigestion and liver troubles, not to be paid for unless it cured. Such practical tests are so startlingly convincing as to be almost sensational. It is stated that two of the active principles of the new remedy belong to the vegetable kingdom of California and are so well known to us all under common names that it would surprise us if told them. But we are not surprised at anything Californian, and this recent discovery of the new medicinal virtues of its vegetable kingdom is but another instance of the astonishing possibilities of a soil and climate like ours.

Combines the juice of the Blue Figs of California, so laxative and nutritious, with the medicinal virtues of plants known to be most beneficial to the human system, forming the ONLY PERFECT REMEDY to act gently yet promptly on the

THE OPERA HOUSE DRY GOODS STORE.

THIS store is now being generally known all over the State of Nevada as the popular ONE PRICE dry goods house, and its proprietor, C. W. Booton, is well known as the

Revolutionizer of Prices and the Re-Adjuster of Values

—IN—

Staple and Fancy Dry Goods

Gents' Furnishings, Household Furnishings,

Ready Made Clothing
And Boots and Shoes.

Please note the various reasons by which I claim I have advantages over all competing houses.

- 1st. I buy for cash and cash only.
- 2d. I visit the markets in person frequently and buy my own goods myself for the lowest possible spot cash price.
- 3d. My aim and ambition is big business, quick sales and small profits. This is what I claim and what I hustle for. Having this object in view to give everybody good value for their money, success is already achieved, as I challenge any one to dispute that I make the lowest prices.
- 4th. My store is the largest and best lighted of any in the city—the three large plate glass show windows which ornament the building would do credit to any large store in a large Eastern city, light being of great importance in any well regulated store.
- 5th. I engage the best and most experienced and skilled salesmen that can be found in this country. W. R. Lett has full charge of my store; his experience is second to none in this country, having had charge of departments for many years in the leading houses of New York City.
- 6th. I do just as I advertise; I do not advertise my goods at cost, as no intelligent person could swallow so silly an announcement as that; nevertheless, many of our merchants of to-day advertise under the head of selling goods at cost.
- 7th. All goods are marked in plain figures and no goods are misrepresented.

Having now given seven reasons why I can lead all competing houses in prices, I will venture still further to convince the general public by mentioning the contents of the different departments, thus showing that I carry an enormous and well-selected stock, which can only be fully realized by calling and examining the goods of the different departments.

In the Colored Dress Goods Department

I keep all the leading shades in plain colors, including Fine French Cashmeres, French Camel's Hair, Beatrice Cloths, French Foulle, Tricot Cloths, Tricotine Cloths, Albatros, Nuns' Veiling, French Debeiges, Fancy Striped Alpaca, in plaids and stripes. I keep all the leading patterns found in the market.

The Black Goods Department

Is well stocked with all the latest and best known brands of French Cashmere, French Camel's Hair, French Soliel, Albatros, Nuns' Veiling, Sicilian Cloths, and all the leading brands of Black Alpaca, Black and Colored Silks in all the different makes.

The Corset Department

Receives special attention, as I carry all the leading makes, including the famous C. P. Corset, and also the P. D., which I sell at prices that defy competition.

The Kid Glove and Button Department

Are replete with all the shades that can possibly be obtained this side of the Rocky Mountains.

The Hosiery Department

Deserves special mention, as I have been supplying it during the past two weeks with the very best brands of Ladies' Cotton and also Wool Hosiery that are manufactured on this Coast. My stock of Ladies' Misses', Children's and Men's Hosiery is unsurpassed in the city. Passing on we come to

Shoe Department.

This is a special branch that I have added to my business by special request of my customers, who continually urged me to put in a stock of Boots and Shoes, claiming, as they said—"I using their own language—they were tired of paying high prices any longer. I subsequently added the above stock, and will say that my success in that department has superseded all my expectations. Men's and Boys' Shoes a specialty. Men's Shoes from \$2.50 up.

In the Clothing Department

I cannot do it justice by venturing to describe the success that continually attends it. I can only add one passing remark, that the amount of clothing I have sold during the past year is a just guarantee that the public never fail to appreciate a ONE PRICE cash business. I sell good suits for men from \$5.00 up.

In the Underwear Department,

Including Ladies' and Gents', I positively state that I sold more of these goods last season than any two competing houses. Knowing this, and then looking forward for an enormously increased trade in this line this coming Fall and Winter, I have spared no pains and have left nothing undone to secure one of the best selected and largest stock of Underwear ever brought to Reno. This true assertion will be more forcibly strengthened by anyone doubting it to call and examine the stock.

In the Domestic Department

I carry all the principal makes in Sheetings, Pillowcase Muslins, etc. Gingham and Calicoes in endless variety.

Thanking the people of Reno and the public in general for their kind patronage for the past year, and soliciting a continuance of the same, I remain, respectfully,

C. W. BOOTON,
Opera House Dry Goods Store.

JOTTINGS.

Try Leadbetter's candies.
Try Leadbetter's fresh groceries.
Try Leadbetter's grapes and fruit.
S. T. Burtch, the north-side grocer, is selling ten pounds of the best white sugar for a dollar.

Leave your orders at S. L. Cohoon's for John Wieland's celebrated beer, either by the barrel, keg or bottle.
By taking your meals at the Riverside Hotel you will always feel that you are getting full value for your money.

By taking your noon lunches at J. J. Becker's Chicago Saloon you can save shoe leather, money and a half hour's time.

For every article carried by any first-class grocer, go to J. N. Wallace's Commercial Row store. All goods neatly put up and promptly delivered.

Miss Emma Gibbs' new stock of Fall and Winter millinery attracts the attention of all who appreciate stylish hats or bonnets. Give her a call.

W. T. Craig's rapidly increasing grocery trade shows that people were not long in finding where to go for the best groceries at the lowest retail prices.

C. J. Brooks' variety store is the place to buy all your school books and school supplies. Sample his home-manufactured candies, as fine as any ever tasted.

There is no article in the line of the best stationery and blank books that cannot be had at C. A. Thurston's news depot. Examine his paintings of the proposed national flag.

George Becker of the Granite Saloon is still furnishing all customers with his celebrated Pacific and Fredericksburg beer and a daily hot-soup lunch. All the leading daily papers on file.

Gratifying to All

The high position attained and the universal acceptance and approval of the pleasant liquid fruit remedy Syrup of Figs, as the most excellent laxative remedy known, illustrate the value of the qualities on which its success is based and are abundantly gratifying to the Cal. Fig Syrup Company.

Special Notice.

Drugs, patent medicines, perfumery, chamois skins, sponges, toilet cases, etc., in great variety at Osburn & Shoemaker's.

The light running, noiseless White and Domestic sewing machines on easy terms at Osburn & Shoemaker's.

New beautiful designs in picture frames at Osburn & Shoemaker's.

Artist colors and materials at Osburn & Shoemaker's.

Beautiful decorations and wall papers just in from the East, at Osburn & Shoemaker's.

All the new buildings in Reno are being painted with Heath and Milligan's celebrated ready mixed paints, the best in the world, for sale only by Osburn & Shoemaker.

Parents should be careful that their children do not contract colds during the fall and early winter months. Such colds weaken the lungs and air passages, making the child much more likely to contract other colds during the winter. It is this succession of colds that causes catarrh and bronchitis or paves the way for consumption. Should a cold be contracted less than a week it is quickly as possible. A fifty-cent bottle of Chamberlain's Cough Remedy will cure any cold in a few days and leave the respiratory organs strong and healthy. For sale by Osburn & Shoemaker.

A Vigorous Old Lady.

Mr. Mrs. Harriet Cox of Grand Rapids Michigan, lives until January 11, 1890, she will be one hundred and three years old. She was born in Hartford, Conn., in 1787. Her grandfather, Alexander McNeal, was a soldier in the War of 1812, and her father General McNeal, was a soldier in the War of the Rebellion. In her one hundredth year she had a paralytic stroke, and it was thought she would not recover, but she did, and now is in a fair state of health.

Epoch.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health to the use of the Great Alterative and Tonic. If you are troubled with any disease of the Kidneys or Liver or Stomach, of long or short standing, you will surely find relief by the use of Electric Bitters. Sold at 50c and \$1 per bottle at Hodgkinson's drug store.

Oregon is one of the most productive States in the Union. Its vast mineral regions contain gold, silver, copper, iron and coal. In immense tracts of grazing lands support thousands of cattle and sheep, and its extensive agricultural regions produce all the cereals in abundance, the yield per acre being in some instances, the largest in the world. Among the useful and valuable products of the Western State may be mentioned Oregon Kidney Tea, which has proved a boon to thousands afflicted with pain in the back and kidney difficulties. It is purely of vegetable composition and never fails. Sold by William Fininger.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at Hodgkinson's drug store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, croup and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free; large size, 50c. Every bottle warranted.

It should be generally known that Dr. Henley's Bannion Tonic insures a hearty appetite and increased digestion, dispels nervous depression and low spirits, overcomes lack of energy and wakefulness, and will infuse new life and strength into the weakest invalid. Sold by William Fininger.

This is the season of the year when the raw, cold winds create sore throats, colds, croup, salt rheum, fever, sores, chapped hands, chilblains, corns and all skin eruptions, and positively cure piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Hodgkinson & Co., druggists.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, corns, ulcers, salt rheum, fever, sores, chapped hands, chilblains, corns and all skin eruptions, and positively cure piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Hodgkinson & Co., druggists.

FROM THE HILLS.

Lively Times and a Good Prospect for Better.

ESSEX, Nev., Sept. 22, 1889.
EDITOR GAZETTE: There is quite a business stir up here just at present. Marble works are to be erected here, which will necessitate the building of a new dam across the river.

Verdi is also getting a share of the boom. Goyette & Lachapelle, the latter formerly of Reno, are putting up a fine hotel 48x70, two stories high with all the necessary improvements, and when completed will be a pleasant resort.

O. Lonkey, with whom C. Lonkey and Billy Cobb are associated, are doing a fine business at their extensive supply store. In fact, everything in a business way looks well.

There is a contented smile on everybody's face except the Essex baseball nine, who were disappointed at not being able to meet the Renos to-day, and they claim that the Renos took water.

PERSONAL.

L. Adams of Salt Marsh is in town. Tom Reed, the civil engineer, passed east this morning.

Deputy State Controller Holbrook was in town yesterday.

L. A. Blakeslee of Humboldt was in town Saturday evening.

Miss Motley, the milliner, returned from the Bay this morning.

W. C. Goode, of Baker & Hamilton, arrived from below this morning.

George A. Terrill of Carson returned from the Bay yesterday morning.

Dr. Bishop left for Inyo county yesterday to look after private business.

Hon. M. D. Foley returned from California on this morning's overland.

Peter Woolcock of Mill City arrived here last evening on his way to California.

Senator W. E. Sharon, wife and mother-in-law returned from below on this morning's express.

Pat Lannan of the Salt Lake Tribune returned from a business trip to San Francisco yesterday evening.

John Boynton and wife returned from the California State Fair yesterday. They report having had a fine time.

Mr. Hayman of the Baldwin Theater, San Francisco, was here yesterday billing the town for Margaret Mather, who will appear next week.

Senator Wm. M. Stewart came in from Nebraska yesterday morning, where he left the Irrigation Committee. He left yesterday afternoon for Plumas county, Cal., and will be gone a few days.

L. L. ("Ras") Ward, a former Renote, but who for the past nine years has had charge of Wells-Fargo's business on the Mexican Central road between El Paso, Texas, and the City of Mexico, is visiting Reno relatives and friends.

A Wanderer at Rest.

Recently a telegram was received by Superintendent Fulton to take to Abram Taylor of Quincy a ticket East and \$4 25 in money, and signed by T. H. Goodman. The ticket was purchased and the money paid over. Yesterday the following telegram was received, which shows the end of the unfortunate. The man was supposed to be an object of charity, sent East by Plumas county.

PUERTO, Col., Sept. 21.
J. M. Fulton, Reno, Nev.: Abram Taylor was killed by the cars. Wire names of relatives. Ask T. H. Goodman.

ROBERT COWLES, Acting Coroner.

Will Go Now.

Messrs. Isaacson and Senate of the Building Department of the Central Pacific are in Reno looking at the water mains and a few other details in regard to the new depot. Plans will be made for contractors in a few days and bids received. If Reno builders do not make satisfactory proposals the company will build it themselves.

Arthur Brown, chief of the builders, is still in Europe.

Mr. Barstow of Wells-Fargo came up last night to look the ground over.

The Blythe Estate.

A San Francisco dispatch of last Saturday reads as follows: Alice Edith Dickinson, one of the contestants in the Blythe will case, filed in the Supreme Court to-day an answer of the complaint of Florence Blythe. She alleges that Blythe never signed a document acknowledging Florence as his child, and avers that, according to her information and belief, Blythe was not the father of the child, but that Julia Perry, James Crisp Perry and Kate Perry, his wife, had falsely and desolately represented Florence as such to Blythe for the purpose of obtaining the latter's estate.

Real Estate Transfer.

L. Adams of Salt Marsh bought last week the cattle ranch, hay and cattle brand of S. J. Gee of Eagleville; consideration, \$11,500. Mr. Adams got in his purchase 300 head of cattle and 125 tons of hay, besides a good ranch.

The Governor's Staff.

Governor Stevenson last Saturday commissioned the following officers on his staff: S. L. Lee, Surgeon-General, with rank of Colonel; C. C. Thomas, Chief Engineer, with rank of Colonel; and F. J. McCullough, Aid-de-Camp, with rank of Lieutenant-Colonel.

A Variety.

At S. J. Hodgkinson's drug store can be seen three hen's eggs, all taken from the same nest by Captain Don Barker, one of which was 2 1/2 inches long, one 1 1/2 inches long and one 3/4 of an inch long.

Hunting Water.

Lem Allen is sinking an artesian well on his Churchill county ranch. He is down 500 feet, and is going on with it until he strikes water or holes through the earth. Such enterprise is commendable.

Plenty of Room for Missionaries. There are still over 10,000,000 square miles of unoccupied districts in various heathen lands, where missionaries thus far have never entered.

BREVITIES.

Local and General Intelligence. See extra notice in 50-cent column. See first page for local and telegraphic news.

Samuel Hodge has been found guilty of kicking Augustus Piazza to death at You Bet.

A backdrop of wire netting will be put up back of the catcher on the Fair grounds at Carson.

Go to Lange & Schmitt for ranges, parlor and cook stoves; best assortment in the State.

The City of Puebla has just made the run from San Francisco to Victoria, B. C., in fifty-one hours.

Mrs. Charles Lapag, the wife of a wealthy stockman at Breckenridge, M. T., was burned to death Thursday night.

W. D. C. Gibson of Echo Lake, who was in town this morning, reports that body of water two feet lower than last year.

The Brotherhood of Railroad Conductors has concluded its labors at Los Angeles, and will meet in Toledo, O., next year.

J. W. Killen of the new Phoenix Hotel is determined to have his house in readiness for those desiring the best accommodations during Fair week.

Excellent, reliable and economical are the stoves and ranges sold by Lange & Schmitt; every house and store should have them. Call and inspect before purchasing.

A Normal Institute and Review School for Teachers will be held during the entire month of February, 1890, at some point in Douglas county, Or. Instruction gratuitous.

Alessandro Anselmi has been sentenced to ten years in San Quentin for manslaughter. He killed Bernardi Gianetosi about two months ago in a hotel at San Jose, Cal.

T. T. Stiles, who was indicted at Tucson, A. T., for embezzlement, has withdrawn from the Republican State ticket in Washington. He was a candidate for Supreme Court Justice.

A highwayman near Arroyo Grande, Cal., politely returned the only \$2 found on the persons of two young men whom he "held up," and accompanied them to within half a mile of town.

A franchise for a street railroad to pass through and connect both Nevada City and Grass Valley is projected, and the promise is made that if the rights-of-way are granted that the road will be in operation in one year.

Mr. Chamberlain suggests that there should be an attempt made to get more water into the Truckee during Fair week, especially through the town. Very little irrigating can be done now and if all the ditches were turned into the river bed for a week it would give strangers a better opinion of Reno and the country. Cannot it be arranged?

A CHINAMAN'S DEVICE.

How He Landed a Large Amount of Opium.

An extraordinary case of smuggling is reported from Sourabaya, in Java. A Chinese passenger having died on board a junk which was anchored in the roadstead, the health officer of the port went off and, after viewing the body, gave the necessary permit for burial. The master of the junk then came on shore and ordered a large coffin of the usual Chinese kind. During the early hours of the morning the crew landed with the coffin, and the funeral procession passed along the streets. After the funeral the party went back to the junk, which immediately put out to sea.

In the middle of the day some natives found an empty coffin in the middle of the road close by the Chinese cemetery, which not only smelt strongly of opium, but also had small particles of the drug adhering to its sides. The Custom-house authorities found the maker of the coffin, who identified it as the one supplied to the master of the junk, and the dead body of the Chinaman was washed ashore soon afterward, so that it was clear he had been thrown overboard and the burial permit used to smuggle on shore a large coffin full of opium.

A Good Ordinance.

In Paris the ordinance against scattering circulars and other papers in the street is so rigidly enforced that an American who, having read a letter on the street, threw the envelope in two and tore it down, was made by a gendarme to pick up the scraps on pain of arrest for violating the city ordinance.

Human Hair Rope.

A Japanese paper states that the ropes made of human hair presented for use in the rearing ceremony in connection with the Hongwanji Temple weighed 8,847 pounds and were 4,628 feet in length. It is estimated that 358,883 persons gave of the hair of their heads.

Massachusetts' Constitution.

The Constitution of 1787 is the organic law under which the people of Massachusetts are living to-day, with amendments which do not materially affect the frame of Government.

The Diamond Market.

African diamonds have now become too numerous for the European market, and the largest trade is now done with Japan, whose people are growing rich.

There Are no Happy Days.

For those who continue to rise unrefreshed after nights of unrest. Nervousness, insomnia, indigestion—these constitute a triple alliance that perpetually wars against man's comfort, and robs both brain and body of tranquility. Combat the trio for a time with Hostetter's Stomach Bitters, and it will give ground and eventually fly the field. The basis of reform is the rectification of digestion, for the brain and nerve trouble is simply a reflex of the disturbance of that all important function. A wine-glass full before each meal of the national stomachic insures facile digestion, and the reputation of the pleasant dose before retiring promotes nerve and muscle invigorating sleep. Associated with indigestion we usually find biliousness and constipation. But together or independent of each other, these maladies are subdued by the Bitters, which also remedies kidney trouble, rheumatism, neuralgia and malaria.
